

Creating the World You Want to See

Using the Geographic Approach

*Pacific Islands GIS and Remote Sensing User
Conference 2023*

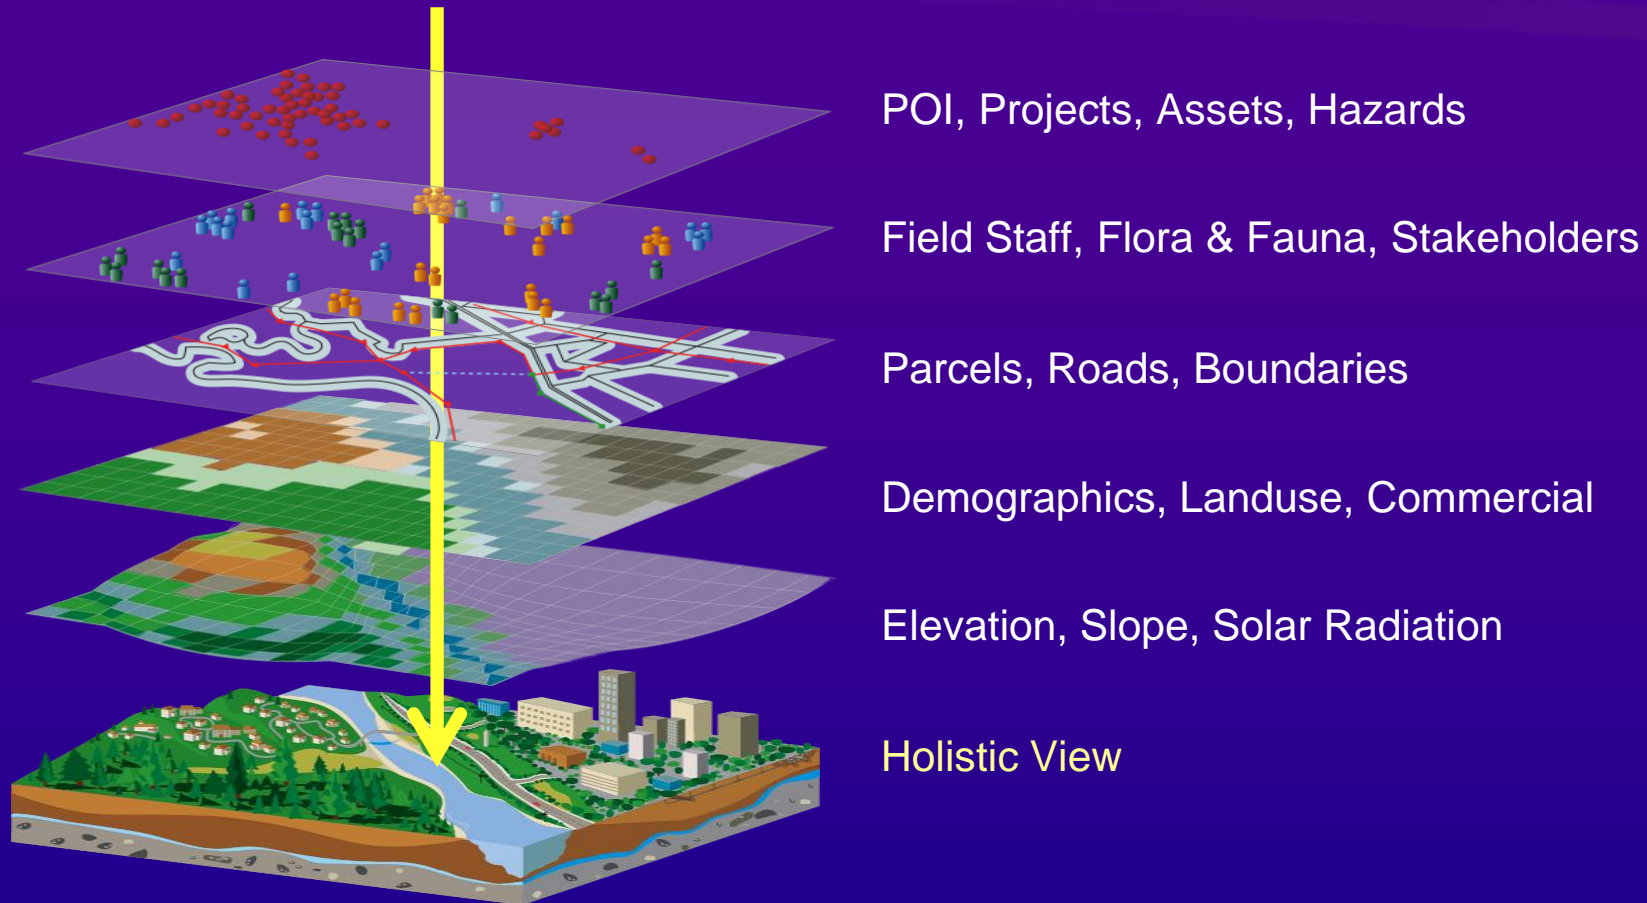

EAGLE
TECHNOLOGY

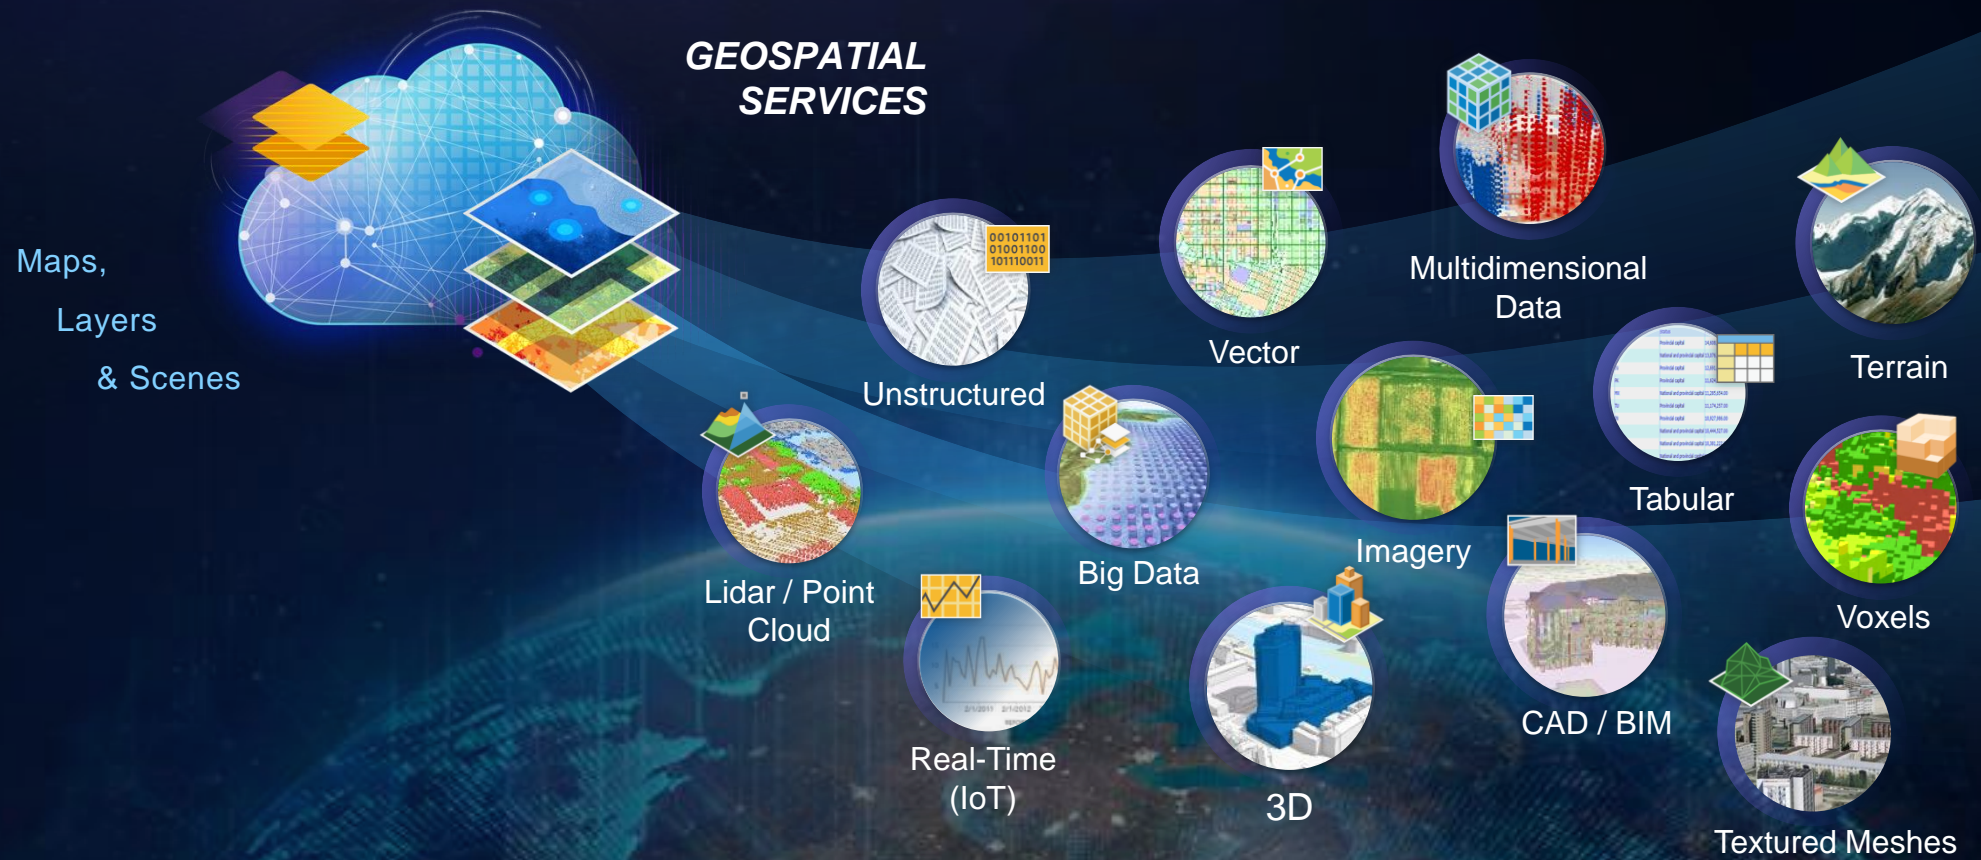

esri Official
Distributor

Time	Presenter	Presentation Title
9:00-9:30	Eagle Technology	Welcome GIS – Creating the World you want to see
9:30-10:00	Simon Hill, Esri Inc	Pacific <u>GeoPortal</u>
10:00-10:20	Maria <u>Tuoro</u> , Marae Moana	<u>Storymap</u> of the Marae Moana
10:20-10:40	Gander Wainiqolo, Infrastructure Cook Islands	Rarotonga Coastal & Flood Hazard Mitigation Data Collection (LiDAR)
10:40-11:00	Stephano Rampling-Tou, Cook Islands Emergency Management	Title to be finalised
11:00-11:20	Morning Coffee	
11:20-12:40	Eagle Technology Team	ArcGIS System – Technology Update
12:40-13:40	Lunch	
13:40-14:00	<u>Titie</u> Kaufusi, Ministry of Lands, Tonga	Using GIS & RS Application for Implementation of Sustainable Quarry Mining in Tonga
14:00-14:20	Kolora <u>Qativi</u> , Fiji Pine	FPL operations using <u>SiteScan</u>
14:20-14:40	<u>Meizyanne</u> Hicks, Fiji Lands	Fiji Lands Journey on Geospatial Development
14:40-15:00	Afternoon Coffee	
15:00-15:20	<u>Solate Baleisuva</u>	Ministry of Health
15:20-15:40	Eagle Technology	Wrap up and closing

GIS Organises Location Information

Location Information Comes in Various Forms

ArcGIS Is an Integrated System

Supporting Individuals, Teams, Organizations and Communities

Enabling & Supporting Geospatial Infrastructure

ArcGIS Capabilities

Applying location-based analytics to your business practices

①

Mapping
& Visualisation

②

Data Collection &
Management

④

Spatial Analysis &
Data Science

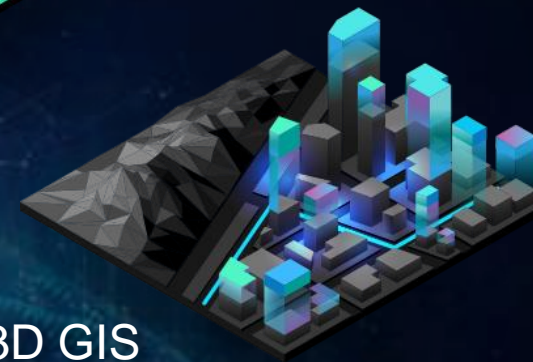

③

Field
Operations

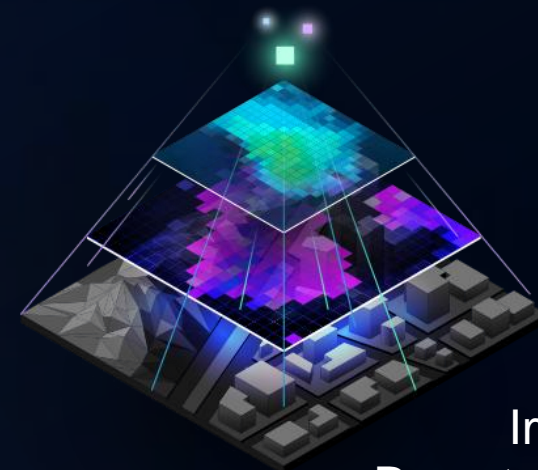

⑤

3D GIS

⑥

Imagery &
Remote Sensing

ArcGIS Common Workflows

Enabling Web GIS

Geospatial Infrastructure Delivers Powerful Apps

Supporting Many Types of Workflows and Engagements

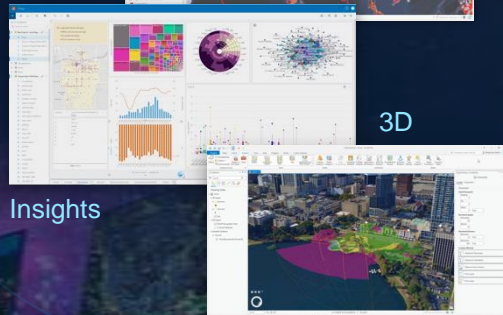

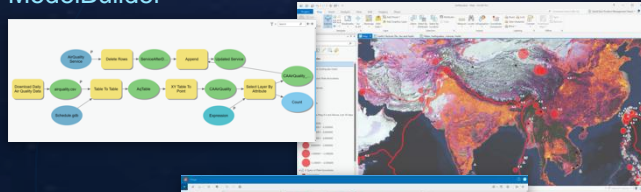

Massive Mobile
Deployments

Powerful Desktop Apps

ModelBuilder

Pro

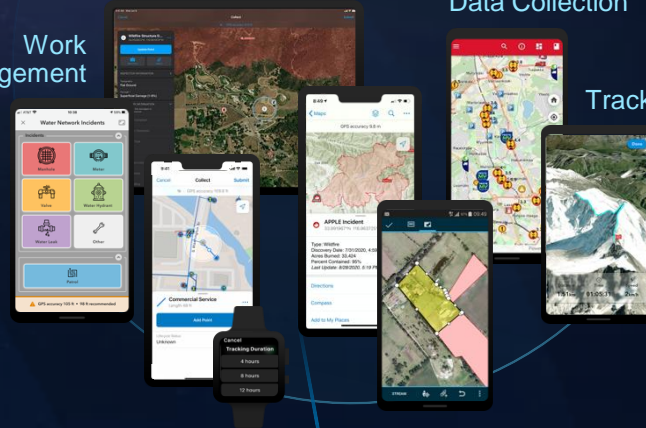

Work
Management

Awareness

Data Collection

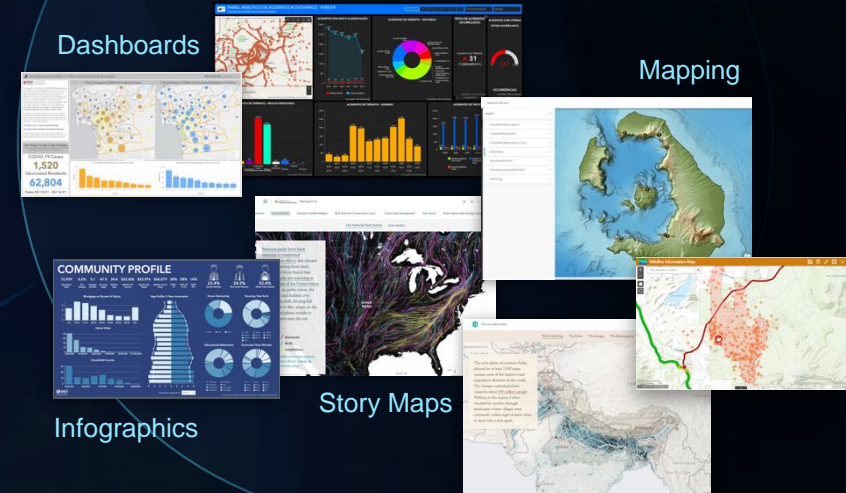

Tracking

Pervasive Web Apps

Dashboards

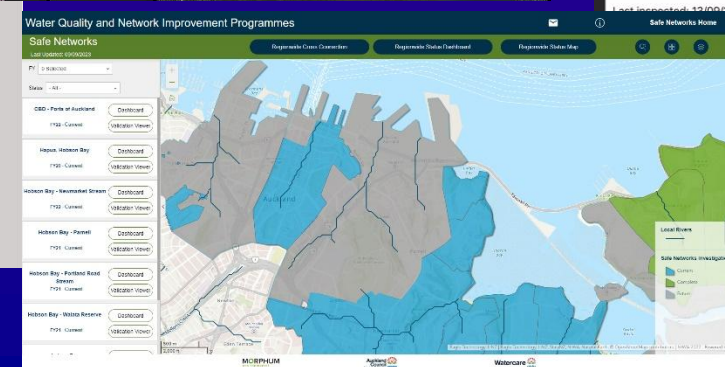

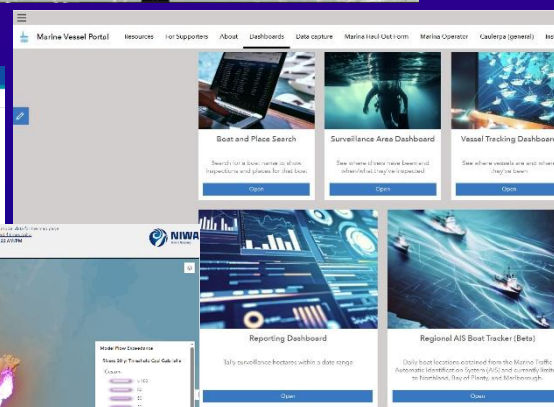

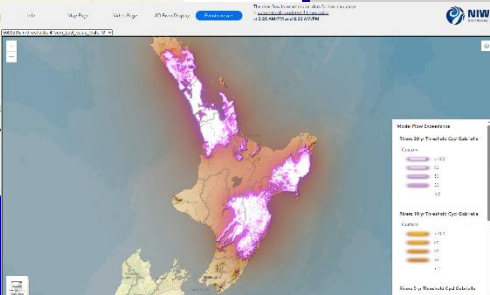

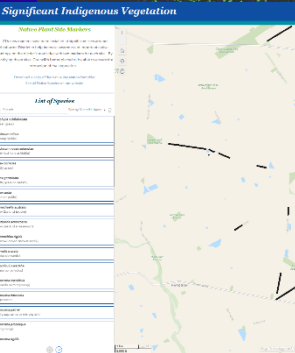

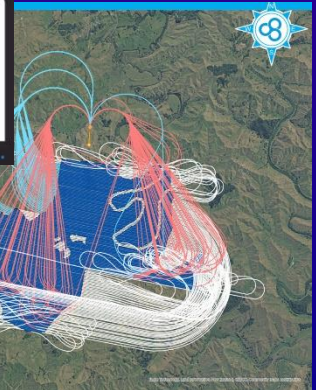

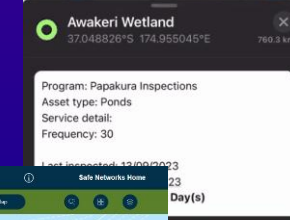

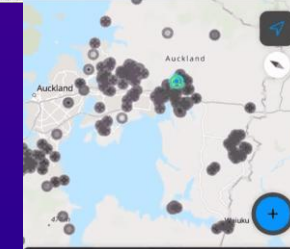

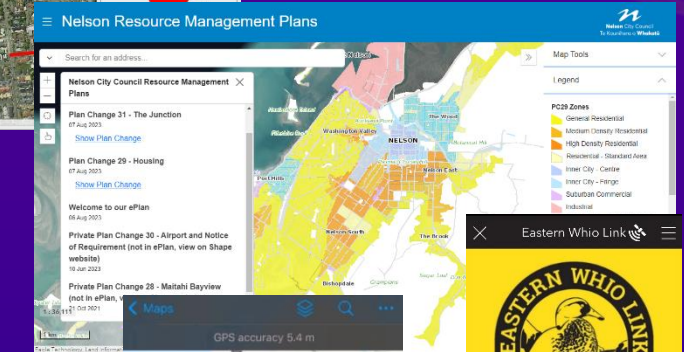

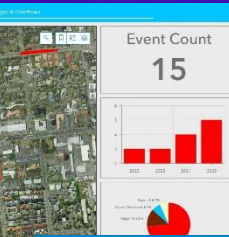

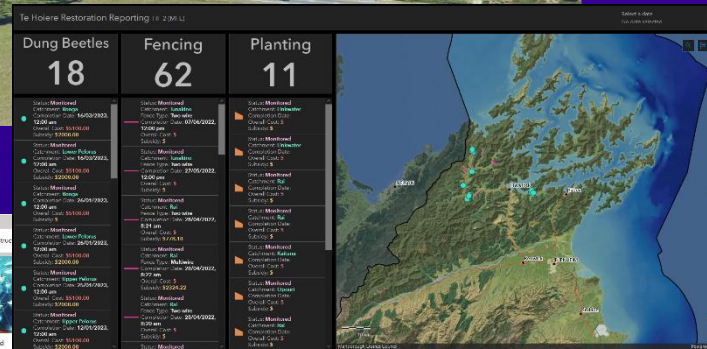

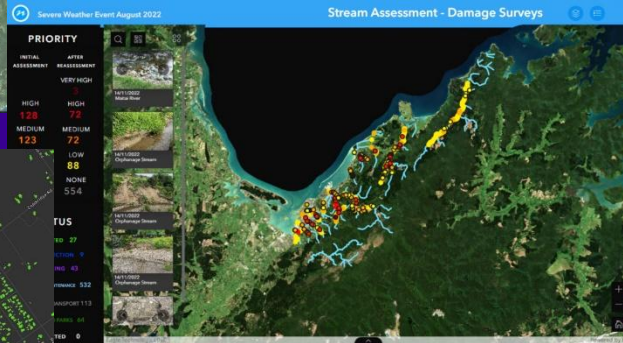

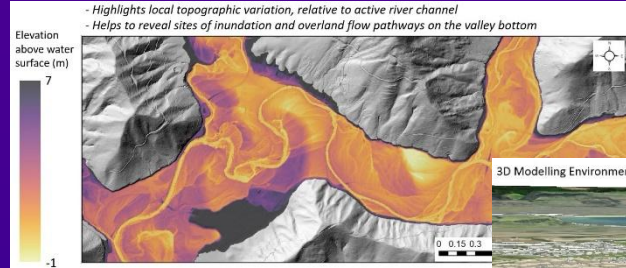

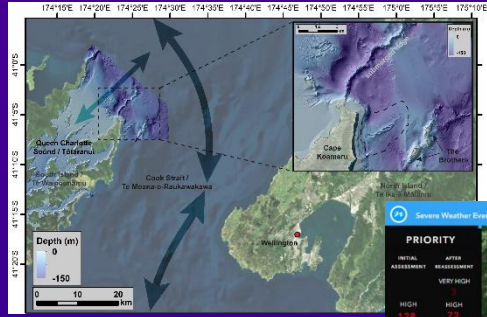

Mapping

Geospatial
Infrastructure

*Empowering Everyone . . .
. . . In the Organization and Beyond*

Your Work – New Zealand

Our Work – Demo Themes

1. Sustainability/ Collective Action
2. Climate Change
3. Digital Twin
4. Supply chain awareness
5. System of Engagement/ Communication
6. Consumes any Source
7. Availability of Content
8. Imagery
9. World Leading Spatial Analytics
10. 3D across the platform
11. Any device
